

## **Benchmarking Visit FAST-NUCES VS UMT**

Benchmarking is a systematic management process that helps managers to search and monitor the best practices and/or processes. The search for the best practices may not be limited to direct competitors. The goal is to emulate and exceed the “best in class”.

Benchmarking visit took place on Thursday, 25<sup>th</sup> February 2021. FAST Lahore and Faisalabad campuses QEC teams visited UMT. UMT QEC team gave presentation followed by question answer session and detailed discussion on various points. At the end of visit, FAST QEC team had infrastructure visit followed by exit meeting with Rector UMT.
